Turning Grief into Action

Advocating for LGBTQ+ young people in your local community

Thank you for your interest and support of The Trevor Project in honor of your loved one. Losing someone we care about can feel overwhelming, but for many, continuing to share their loved one's story by advocating on their behalf and for the LGBTQ+ young people in their local community can be empowering.

Your advocacy today can help us create a world where every LGBTQ+ young person feels affirmed and supported. Whether it's through contacting your local representative, responding to a Trevor action alert or sharing Trevor's resources, your voice can be the one to create a more supportive world for LGBTQ+ young people. We've outlined some ways in which you can take action below:

Become a Trevor Advocate:

1. Advocacy Action Center - We advocate for pro-LGBTQ+ policies at the federal, state, and local levels. We encourage you to sign up here to receive alerts from our team so we can quickly let you know when we need you to take action in your state to protect our young people.

Trevor's Guides and Resources

1. Guide to Testifying Against Harmful Bills - Testify in local hearings about the harmful bills impacting LGBTQ+ young people in your community.
2. Guide to Being an Ally to Transgender and Nonbinary Young People - This sharable guide provides actionable steps everyone can take to be an ally to the trans trans and nonbinary young people in their life.
3. Allyship in Action - Familiarize yourself with key terms, opportunities for education and advocacy, and small ways to make a big impact.

If you have any questions or would like to learn more about our state partners in your area, please reach out to our team advocacy@thetrevorproject.org.
